

For well over thirty years, Gary Hedges has enjoyed his roles in leadership, primarily through coaching, training and speaking.

Gary is a Certified Master Coach and a Founding Partner of The John Maxwell Team.

Prior to establishing his coaching as a business, he was engaged through his roles as military officer, pastor, entrepreneur, and healthcare administrator, including long-term care, home health and medical practice.

His clients enjoy the benefits of his passion impacting their lives and businesses in a way that enables them to aggressively reach for their dream. The result is confidence, satisfaction, hope and dramatic improvement personally and in business.

The joys of Gary's life, in addition to adding value to his clients, are the significant times spent with God, his wife, their children, grandchildren and friends.
